To whom it may concern

It is with great pleasure that I have the opportunity to recommend Geopest for your pest control program.

Geopest were appointed as our pest control service provider in December 2020 and have to date proven to be professional, reliable, consistent and affordable.

Their staff have a vast amount of knowledge in the pest control field. Follow up services are done timeously and feedback reports are completed clearly and in detail. This knowledge and attention to detail have aided in keeping our premises free of pests and our auditing documents are neat and up to date.

It is also refreshing to work with a service provider who arrives for their scheduled services and audits on time, without the need of constant reminders from me, the client.

I feel confident in recommending Geopests services.

If you have any further questions, please feel free to contact me.

Regards,
